It is hereby declared that, from the date of commencement of the Maharashtra Krishna Valley Development Corporation (Amendment) Act, 2025, the Koyna Hydro-Electric Power Project is assigned, handed over and transferred to the Maharashtra Krishna Valley Development Corporation; and the aforesaid commencement date shall be the appointed date in respect of the said Project, for the purposes specified in section 15 of the Maharashtra Krishna Valley Development Corporation Act, 1996. Mah. of 2025. Mah. XV of 1996.

STATEMENT OF OBJECTS AND REASONS

The Maharashtra Krishna Valley Development Corporation Act, 1996 (Mah. XV of 1996) is enacted to make special provisions for promotion and operation of irrigation projects, command area development and schemes for generation of hydro-electric energy to harness the water of Krishna River allocated to the State of Maharashtra.

2. The said Act provides for the planning, construction, maintenance and management of Hydro-Electric Power Projects within the area of operation of the Maharashtra Krishna Valley Development Corporation including the hydro-electric power projects which are assigned and handed over or transferred to the said Corporation by the State Government. However, by clause (c) of section 2 of the said Act, the planning, construction, maintenance and management of the Koyna Hydro-Electric Power Project has been specifically excluded from the purview of the said Act.

3. Since the enactment of the said Act, various substantial changes have been taken place in the functioning, management and control of the Koyna Hydro-Electric Power Project. Therefore, to bring the said Project within the purview of the said Act and to handover the said Project to the Maharashtra Krishna Valley Development Corporation for its planning, construction, maintenance and better management, the Government considers it expedient to amend clause (c) of section 2 of the Maharashtra Krishna Valley Development Corporation Act, 1996, suitably.

4. The Bill seeks to achieve the above objectives.
